INDEPENDENT AUDITORS' REPORT

To the Trustees
DII Industries, LLC Asbestos PI Trust

We have audited the accompanying special-purpose statement of net claimants' equity of DII Industries, LLC Asbestos PI Trust (the "Trust") as of December 31, 2005 and the related special-purpose statements of changes in net claimants' equity and cash flows for the period from inception (January 20, 2005) to December 31, 2005. These special-purpose financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these special-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

These financial statements were prepared on a special-purpose basis of accounting, as described in Note 2, and as such do not include the Trust's estimated claims liability which would be required for these financial statements to be a complete presentation of the Trust's liabilities and expenses. The special-purpose basis of accounting has been used to better communicate to the beneficiaries of the Trust the funds available to satisfy current and future claims as well as operational costs of the Trust.

In our opinion, the accompanying special-purpose financial statements referred to above present fairly, in all material respects, the net claimants' equity, changes in net claimants' equity and cash flows of DII Industries, LLC Asbestos PI Trust as of December 31, 2005 and for the period from inception (January 20, 2005) to December 31, 2005 on the basis of accounting described in Note 2.

This report is intended for the information and use of the Trustees, management of the Trust, and for filing with the United States Bankruptcy Court for the Western District of Pennsylvania - Pittsburgh Division and should not be used by anyone other than those specified parties. This restriction is not intended to limit distribution of this report, which, upon filing with the United States Bankruptcy Court for the Western District of Pennsylvania, is a matter of public record.

Notes to Financial Statements

Note 1 - Description of the Trust

General

The DII Industries, LLC Asbestos PI Trust (the "Trust") is a Pennsylvania common law trust, and is a Qualified Settlement Fund ("QSF") within the meaning of Treasury Department regulations issued pursuant to Section 468B of the Internal Revenue Code. The Trust was created on January 20, 2005 in connection with confirmation of the Chapter 11 Joint Plan of Reorganization (the "Plan") for DII Industries, LLC, formerly Dresser Industries, and certain of its affiliated debtors and debtors-in-possession (the "Debtors"). The Debtors were all wholly-owned affiliates of the Halliburton Company ("Halliburton"). The Plan was confirmed by a confirmation order entered on July 21, 2004 by the United States Bankruptcy Court for the Western District of Pennsylvania (the "Order"). The Order was affirmed by the United States District Court for the Western District of Pennsylvania on December 1, 2004. The Plan became effective on January 20, 2005. The purpose of the Trust is to assume the asbestos liabilities of the Debtors, Halliburton and certain of its affiliates related to the operations of Harbison-Walker Refractories Company, Kellogg Brown & Root, Inc., Dresser Industries, Inc. and certain other businesses, and to use the Trust's assets and income to pay holders of those asbestos liabilities in such a way that all holders of similar asbestos claims, both current and future, are treated in a substantially equivalent manner.

Halliburton and its affiliates were granted the protection of a permanent channeling injunction entered by the Bankruptcy Court and the District Court in connection with the Order. The injunction enjoins the assertion of Asbestos Unsecured PI Trust Claims ("Asbestos Claims") against those entities, and channels such claims to the Trust for resolution and payment.

The Trust is governed by a Trust Agreement and Trust Distribution Procedures ("TDP") that establish the framework and criteria for allowance and payment of asbestos-related claims by the Trust. There are eight disease levels specified in the TDP. Each claim which meets the medical and exposure requirements of the TDP for a particular disease level may apply for expedited review and a specified amount. Claimants also have an alternative, under the TDP, to submit additional documentation and request a more expansive review of their claim in which case claims may be allowed within a range of values.

The Trust's assets consist primarily of cash and cash equivalents and investment securities, which, with the earnings on such investments, are intended to be totally consumed by the allowance and payment of claims and operation of the Trust. The percentage of the amount of each allowed claim that will actually be paid will be determined by projections of total allowed Asbestos Claims and operational expenses of the Trust, on the one hand, and total assets and net earnings, on the other. Subsequent to December 31, 2005, the Trustees have adopted a payment percentage of 100 percent. Claims forecast estimates are presented in Note 6. The Trustees are fiduciaries to the beneficiaries of Trust and are responsible for administering the Trust and the Trust's assets in accordance with the Trust Agreement and the Plan.

DII INDUSTRIES, LLC ASBESTOS PI TRUST

Notes to Financial Statements

Note 1 - Description of the Trust - (Continued)

Termination
Section 7.2 of the Trust Agreement provides that the Trust shall automatically terminate on the date (the "Termination Date") 90 days after the first to occur of the following events:

- the Trustees, in their discretion, decide to terminate the Trust because (A) they deem it unlikely that new Asbestos Claims will be filed against the Trust and (B) all Asbestos Claims duly filed with the Trust have been liquidated and paid to the extent provided in the Trust Agreement and TDP, or disallowed by a final, nonappealable order, to the extent possible based upon the funds available through the Plan, and twelve (12) consecutive months have elapsed during which no new Asbestos Claims have been filed with the Trust;

- if the Trustees have in place access to sufficient assets and have established claims-handling agreements and other necessary arrangements with suitable third parties adequate to discharge all expected remaining obligations and expenses of the Trust in a manner consistent with the Trust Agreement and TDP, the date on which the Bankruptcy Court enters a Final Order approving the sufficiency of such assets and other arrangements; or

- to the extent that any rule against perpetuities shall be deemed applicable to the Trust, twenty-one (21) years less ninety-one (91) days pass after the death of the last survivor of all of the descendants of the late Joseph P. Kennedy, Sr. of Massachusetts living on the date hereof.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting
The Trust's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America on a special purpose presentation basis which does not include the Trust's estimated claims liability. The special-purpose basis of accounting has been used to better communicate to the beneficiaries of the Trust the funds available to satisfy current and future claims as well as operational costs of the Trust.

Cash and cash equivalents
The Trust considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents are carried at cost, which approximates fair value.

DII INDUSTRIES, LLC ASBESTOS PI TRUST

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies - (Continued)

Investments

Investments in equity and debt securities are stated at estimated fair value on quoted market prices. Changes in fair value are recorded as reductions or increases to net claimants' equity. Realized gains and losses on investments in securities are calculated based on the specific identification method. Investments in hedge funds are stated at fair value as determined by the investment manager. The Trust records securities transactions on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest is recorded on an accrual basis. All investments are considered to be available for sale.

Use of estimates

Preparation of the financial statements requires the Trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of additions and deductions to net claimants' equity. Actual results could differ from these estimates.

Net claimants' equity

The Trust, under the adopted special purpose accounting convention, does not record the liability for future claims expected to be filed over the life of the Trust. The Net Claimants' Equity is available for (i) the payments of allowed Asbestos Claims and (ii) operational expenses of the Trust.

Note 3 - Funding of the Trust

Funding of the Trust was set forth in the Plan. On January 20, 2005, the effective date of the Trust, the Trust received as part of the Plan $950,000 in cash proceeds, a note receivable from Halliburton in the amount of $30,742,628 due December 31, 2005 and 59,500,000 shares of Halliburton stock from the Debtors, which had a market value of $2,504,652,500. The value of funding, as of the effective date, totaled $2,536,345,128.

All shares of the Halliburton stock were sold on March 23, 2005, generating proceeds to the Trust of $2,481,983,000, net of fees and other charges of $46,767,000. Prior to December 31, 2005, the note receivable was paid in full at a discounted amount of $30,685,035. Together with $950,000 in cash proceeds received on the effective date, net cash realized from the funding of the Trust totaled $2,513,618,035.

The Plan also provided for additional funding through the Asbestos PI Trust Additional Funding Agreement. Under the Asbestos PI Trust Additional Funding Agreement the Debtors are obligated to pay the Trust an amount equal to any insurance recoveries in excess of $2,300,000,000. This obligation ceases once the Debtors have paid an aggregate of $700,000,000 to the Trust. No proceeds were received or due as of December 31, 2005 in connection with the Asbestos PI Trust Additional Funding Agreement. No estimate of any future collection under this obligation has been recorded.

Note 4 - Ownership in Trust Services, Inc. ("TSI")

In January 2005, the Trust became one of three equal owners of TSI. Prior to that date, TSI was owned by the Fuller-Austin Asbestos Settlement Trust and the NGC Bodily Injury Trust. Currently each of the three trusts owns one share of TSI stock.

The Trust also has a Comprehensive Services Agreement with TSI, initially expiring January 20, 2008, and automatically renewing each year thereafter. TSI provides administrative, financial, investment, and claims processing services to the Trust in exchange for a pro-rata reimbursement of TSI's expenses based on an agreed upon allocation methodology.

The Trust has recorded, as expenses, reimbursements paid to TSI for its management and administration services. These reimbursements totaled $888,497 for the year ended December 31, 2005. The balance of prepaid reimbursements was $92,437 at December 31, 2005.

Note 5 - Claims Processing

The Trust reviews and determines Asbestos Claims in accordance with the TDP. The TDP provides for processing, allowing and disallowing, liquidating and paying all Asbestos Claims as required by the Plan and the Trust Agreement.

Note 6 - Estimated Asbestos Claims

As of December 31, 2005, the Trust's experts estimated that 1,851,886 claims will ultimately be filed over the life of the Trust. This results in a projected ultimate claim liability of $3,663,852,130. All claims payments to be made by the Trust will be funded from the Trust's net current assets and future investment earnings.

Note 7 - Trustees' Advisory Committee and Legal Representative

The Trust Agreement sets forth the role and responsibility of the Trust Advisory Committee ("TAC") and Legal Representative ("LR"). The members of the TAC serve in a fiduciary capacity representing all holders of present Asbestos Claims ("Current Claimants"). The Trustees are required to consult with and/or obtain the consent of the TAC on certain matters identified in the Trust Agreement and TDP. The TAC is comprised of seven attorneys who are engaged by Current Claimants.

The LR serves in a fiduciary capacity, representing the interests of the future Asbestos Claimants, for the purpose of protecting the rights of persons who might subsequently assert future and unknown Demands. The Trustees must consult with and/or obtain the consent of the LR on certain matters identified in the Trust Agreement and the TDP.

DII INDUSTRIES, LLC ASBESTOS PI TRUST

Notes to Financial Statements

Note 8 - Taxation

The Trust reports its income to the Internal Revenue Service as a designated settlement fund which is taxed at the highest marginal corporate tax rate of 35%.

The Trust's federal income tax expense is calculated as follows for December 31, 2005:

Net federal taxable income	$	4,480,386
Federal tax rate		35%
Federal income tax expense	$	1,568,135
Federal current income tax expense	$	1,568,135
Federal deferred income tax benefit		(1,568,135)
Net federal tax expense	$	-

The Trust has recorded a deferred tax asset in the Statement of Net Claimants' Equity of $1,568,135 relating to the expected recovery of taxes due to future net operating losses. Therefore, no federal income tax expense was recorded for the period ended December 31, 2005 in the Statement of Changes in Net Claimants' Equity. The Trust also has an additional deferred tax asset of approximately $3,500,000 related to capital loss carryforwards. Management has determined that a valuation allowance of $3,500,000 is required since the Trust's ability to benefit from these carryforwards is uncertain.

Note 9 - Investments

The Trust Agreement provides general guidelines for the investments of the Trust. More specific policies and guidelines are set forth in the Investment Guidelines which were developed by the Trust's financial advisor and adopted by the Trustees. With the assistance of the Trust's financial advisor, a nationwide search was conducted for a custody bank. The Trustees selected US Bank as its custodian. On March 23, 2005, the Trust received cash in the amount of $2,481,983,000 in connection with the sale of the Halliburton stock. In accordance with the provisions of the Trust Agreement and Investment Guidelines, this entire amount was invested in a transition account at US Bank and then placed in municipal bonds beginning March 24, 2005. Following the adoption of an asset allocation model proposed by the investment advisor and after extensive portfolio manager searches, the Trust selected three fixed income managers, six equity managers and ten hedge funds for direct investment. The hedge fund investments are not held at US Bank. By December 31, 2005, the Trust's portfolio (excluding operating account funds) consisted of approximately 6.6% U.S. equities, 6% non-U.S. equities, 4% hedge funds, 82.5% U.S. fixed income securities, and 1% cash and cash equivalents.

Note 9 - Investments - (Continued)

The Trust had a cumulative net unrealized holding loss on investments of $7,354,491 at December 31, 2005. The estimated fair values of the Trust's investments are as follows:

	Cost	Fair Value
Debt securities	$ 2,080,711,087	$ 2,066,506,826
Equity securities	314,001,547	319,322,774
Hedge funds	100,000,000	101,518,544
	$ 2,494,712,634	$ 2,487,358,143

The Trust's net realized loss on sale of investments was $14,360,965 for the year ended December 31, 2005. The loss of $22,669,500 on the sale of Halliburton stock on March 23, 2005 was partially offset by net realized gains of $8,308,535 from the sale of investment securities throughout the year.

Note 10 - Federal Asbestos Legislation/Common Interest Group

Federal asbestos legislation (S.852) has been proposed and is pending in the United States Senate that would create a national fund to be the single source of payment for all asbestos liability claims. The proposed legislation would take all assets of the existing asbestos settlement trusts by requiring that they be turned over to the national fund. The Trust has participated with other asbestos settlement trusts in efforts to protect the vested rights of its beneficiaries by seeking an amendment that would allow all existing asbestos settlement trusts to opt out of the proposed legislation. The Trust has participated in this effort since shortly after its effective date. Expenses of this effort have been recorded as Trust expenses. Subsequent to year-end, the Trust and four other asbestos settlement trusts, organized under a Joint Representation Agreement, contracted for legal representation and experts in order to mount a constitutional challenge to the proposed legislation in the event that the group is unable to obtain the opt-out amendment and legislation is enacted that provides for a taking of the Trust's assets. The engagement of counsel and experts is on a fixed fee basis and becomes irrevocable, unless sooner terminated, upon enactment of the legislation.
